

SHAIK ASHRAF KAIF

Mobile: 9182311313 | Email: ashraf4kaif@gmail.com | Hyderabad

CAREER OBJECTIVE

Full Stack Developer with strong expertise in both front-end and back-end technologies. Proficient in building scalable web applications using modern frameworks and databases. Hands-on experience in designing, developing, and deploying end-to-end solutions. Skilled in problem-solving, optimizing performance

EDUCATION

- MCA – Master of Computer Application** **2021-2023**
Nizam College, Osmania University, Hyderabad
CGPA: 8.0
- B.Sc. - Mathematics, Physics & Computer Science** **2018-2021**
Nishitha Degree College, Telangana University, Nizamabad
CGPA: 8.8

TECHNICAL SKILLS

- Programming Languages:** Python.
- Frontend:** ReactJs, Javascript, HTML, CSS..
- Backend :** NodeJs.
- Database:** SQLite.
- Frameworks:** Bootstrap, ExpressJs(node).
- IDE & Tools :** Vscode, Git

PROJECTS

- NXTAssess App**
Description: Developed NXT Assess, a web-based assessment platform using React.js, JavaScript HTML5, and CSS3. Implemented secure user authentication, global state management using Context API, and a time-bound assessment system with automatic submission and result evaluation. Designed a responsive UI to ensure smooth navigation and consistent performance across devices
- Mart App**
Description: Built NxtMart, a mobile-responsive grocery e-commerce web application using React.js, JavaScript, HTML5, and CSS3. Implemented user authentication, API-driven product data, and state management using React Hooks and Context API. Developed core features including product listing, add-to-cart, cart management, and checkout workflow, with UI enhancements using react-icons and npm third-party libraries, optimized for performance and cross-device compatibility.
- Mini Projects**
 - Restaurant Landing Page** – Designed a responsive restaurant landing page using HTML5 and CSS3, featuring structured sections and modern UI styling.
 - Drum Kit Application** – Created an interactive drum kit using HTML, CSS, and JavaScript, utilizing DOM manipulation and event handling for sound playback.
 - Calculator Application** – Built a functional calculator using HTML, CSS, and JavaScript, implementing arithmetic operations through event handling and DOM manipulation.

CERTIFICATIONS

- Software Testing Certificate in Besant Technologies.
- Web Development Certificate in Udemy.
- Programming Foundation in Python Certificate, Nxtwave.
- Full Stack Development, Nxtwave.
